understanding capitalism third edition provides an introduction to economics with extensive attention to the global economy inequality the information revolution the exercise of power and the historical evolution of economic institutions and individual preferences

why does capitalism fail us richard d wolff walks readers through this pressing question in a brilliant takedown of an economic system that benefits the few at the great expense of the many understanding capitalism explores the different definitions of what capitalism is and is not and dissolves the many myths that wolff argues are designed to confuse and disorient us wolff doesn't simply identify the crises and harms manufactured by capitalism he details a path forward by outlining alternative economic models that combat the exploitation and oppression inherent in capitalism capitalism oftentimes feels as permanent as the sky above understanding capitalism shows that our current economic system is only as strong as the ordinary people who enable its existence and that capitalism's demise requires an organized collective effort by those who can identify its vulnerabilities and limitations but also understand that another world is indeed possible

how has capitalism created or enhanced racism in what ways do the violent histories of slavery and empire continue to influence the allocation of global resources rethinking racial capitalism questions of reproduction and survival proposes a return to analyses of racial

capitalism the capitalism that is inextricably linked with histories of racist expropriation and argues that it is only by tracking the interconnections between changing modes of capitalism and racism that we can hope to address the most urgent challenges of social injustice it considers the continuing impact of global histories of racist expropriation on more recent articulations of capitalism with a particular focus on the practices of racial capitalism the continuing impact of uneven development territory and border marking the place of reproductive labour in sustaining racial capitalism the marketing of diversity as a consumer pleasure and the creation of supposedly surplus populations

the sage handbook of decolonial theory is a groundbreaking transdisciplinary resource that expands the epistemological and geographical horizons of decolonial thought this handbook prioritizes the global south fostering south north and south south inter epistemic dialogues and situating decolonial thought in sites of struggle it builds on decolonial thought and praxis from latin america and the caribbean africa asia and palestine among other regions and countries addressing the erasure of knowledge production from the global south in dominant academic spaces this handbook brings together decolonial scholars and activist intellectuals from the global south and engages with politically committed scholars in the global north it emphasizes the geopolitics and ethics of knowledge production and the importance of situating one's work in historically excluded regions and communities organized into five parts the handbook includes conceptual essays and empirical studies on decolonial thought and praxis it covers a range of topics from de coloniality geopolitics and transdisciplinarity to decolonial feminisms gender and sexuality studies and racial capitalism the chapters convey a sense of urgency and a committed political voice demonstrating how decolonial theory can interrogate and intervene in the modern colonial racial capitalist heteropatriarchal world the sage handbook of decolonial theory is not just for academics it is written for anyone interested in radical thought and praxis it recognizes decolonial theory as a plural and dynamic field concerned with power hierarchies historiography and epistemological critiques of eurocentrism ultimately it teaches us how to think with and act alongside struggles for liberation part i key debates in decolonial theory part ii geopolitics and geographies part iii transdisciplinarity part iv feminisms genders sexualities part v racial capitalism

holding that mainstream economics serves to obscure actual understanding of the economy retired economist dowd presents seven essays that attempt to explain for a lay audience the contributions of some of strands of critical economics essays discuss karl marx thorstein veblen gramsci critical institutionalism post keynesian economics paul sweezy and amartya sen distributed by stylus annotation copyrighted by book news inc portland or
