this book focuses on the contributions of william penn a quaker in sowing some seeds of liberty justice peace and democracy in early america which later became the basis of the 13 english colonies seeking freedom from english rule and the writing of the us constitution the work explores europe and america during the enlightenment in the late sixteenth century and the seventeenth and early eighteenth centuries these were times however when discrimination and persecution were common due to prevalent religious and political bigotries under those circumstances penn dared to bring relief to the suffering people by providing them with a safe and secure haven where liberty justice peace and democracy ruled and he was the first to do that the book will be useful to those reformers practitioners administrators and scholars engaged in the areas of political studies sociological studies ethics moral studies religious and justice studies peace studies historical and development studies social welfare and social work studies and reform movements

starting with only four hosts in 1969 the internet consisted of more than 56 million hosts by the end of 1999 in 1993 the world wide was only 130 sites strong six years later it boasted more than seven million sites despite this explosive growth of the internet and computer technology little is known about the social implications of computer mediated communications in this work the author uses social science theory to evaluate the social transformations taking place today she asks whether human beings use the internet to change basic social institutions and if so whether these changes are a matter of degree only or represent an overthrow of previous modes of organizing the work examines the rise of the internet as the logical extension of the industrial revolution and urbanization consistent with the basic tenets of modernity and offers a new conceptual framework through which to understand the internet
