aeschylus 525 456 bc brought a new grandeur and epic sweep to the drama of classical athens raising it to the status of high art the persians the only greek tragedy to deal with events from recent athenian history depicts the final defeat of persia in the battle of salamis through the eyes of the persian court of king xerxes becoming a tragic lesson in tyranny in prometheus bound the defiant titan prometheus is brutally punished by zeus for daring to improve the state of wretchedness and servitude in which mankind is kept seven against thebes shows the inexorable downfall of the last members of the cursed family of oedipus while the suppliants relates the pursuit of the fifty daughters of danaus by the fifty sons of aegyptus and their final rescue by a heroic king

based on the conviction that only translators who write poetry themselves can properly re create the celebrated and timeless tragedies of aeschylus sophocles and euripides the greek tragedy in new translations series offers new translations that go beyond the literal meaning of the greek in order to evoke the poetry of the originals the volume brings together four major works by one of the great classical dramatists prometheus bound translated by james scully and c john herrington a haunting depiction of the most famous of olympian punishments the suppliants translated by peter burian an extraordinary drama of flight and rescue arising from women s resistance to marriage persians translated by janet lembke and c john herington a masterful telling of the persian wars from the view of the defeated and seven against thebes translated by anthony hecht and helen bacon a richly symbolic play about the feuding sons of oedipus these four tragedies were originally available as single volumes this new volume retains the informative introductions and explanatory notes of the original editions and adds a single combined glossary and greek line numbers
